

Bridgelux ${ }^{\circledR}$ Pallas-M Single Channel 30W (Multi-Dim) Brick Driver
Product Data Sheet DS1226

## Product Feature Map

Bridgelux Pallas-M (Multi-Dim) Single Channel 30W Driver provides dynamic constant current output for LED modules and arrays. This Driver interoperates with Phase-Cut (Leading-edge / Trailing-edge) and o10 V dimming protocol, plus come with Universal Inputs (120/277V), which allows for simple integration of Bridgelux's and all major brands White Arrays and Linear modules. Please visit www.bridgelux.com for more information.

## Product Nomenclature

The part number designation for Bridgelux Pallas-M (Multi-Dim) Single Channel 30W Driver is explained as follows:

## Design Resources

## Application Notes

Please contact your Bridgelux sales representative for assistance on obtaining application support when designing with the Bridgelux Pallas-M Single Channel Driver. For a list of available resources, visit www.bridgelux.com.

## Precautions

## CAUTION: PRODUCT HANDLING

Handle the Pallas-M Single Channel Driver with care to prevent any damage from mechanical shock It is recommended to handle this driver in a static-free environment Do not open or disassemble the product
To maintain product warranty, the installer is responsible for ensuring that the driver's operating conditions do not exceed the maximum conditions stated within this data sheet

## CAUTION: PRODUCT INSTALLATION

Incorrect installation of the Pallas-M Single Channel Driver can cause irreparable damage to the driver, connected LEDs.
Pay attention when connecting the LED load and observe the correct polarity of the output terminals as specified in this data sheet and on the driver label.

## CAUTION: ELECTRIC SHOCK

Be aware of the possibility of an electric shock hazard which can result in serious injury or death.
Disconnect power before servicing or installing this device.

## Disclaimers

## MINOR PRODUCT CHANGE POLICY

The rigorous qualification testing on products offered by Bridgelux provides performance assurance. Slight cosmetic changes that do not affect form, fit, or function may occur as Bridgelux continues product optimization.

## About Bridgelux: Bridging Light and Life ${ }^{T M}$

At Bridgelux, we help companies, industries and people experience the power and possibility of light. Since 2002, we've designed LED solutions that are high performing, energy efficient, cost effective and easy to integrate. Our focus is on light's impact on human behavior, delivering products that create better environments, experiences and returns-both experiential and financial. And our patented technology drives new platforms for commercial and industrial luminaires.
